

POCKET FLAME COATER

**THE ONLY POCKET BACKPACK FLAME SPRAY SYSTEM
FOR EASY ON-SITE COATING JOBS AND REPAIRS**

IBIX® POCKET FLAME COATER

Ideal for small jobs, requiring more mobility and ease of application by the operator (e.g. confined or elevated areas).

IBIX® Pocket flame coater is lightweight and completely portable and only requires compressed dry air (300 l/min flow rate) and LPG gas (gas working pressure at minimum 2.2 bars).

SYSTEM DESCRIPTION

QUICK CONNECT FITTINGS

MEDIUM APPLICATOR GUN

AIR REGULATORS ON THE BELT

TECHNICAL DATA
